## Year 10 Now and Next Evening and June Mock Examinations

Dear Parent/Carer,

As part of our ongoing assessment of pupils, we are now at the stage of further assessments in Year 10 with a full Mock Exam Programme to feed into our monitoring of progress and the next steps that need to be taken to ensure excellent outcomes for all pupils. This will also give students the opportunity to experience formal assessments and the preparation process for them. Students will be sitting assessments in nearly all subjects but due to the nature of the assessments in some subject areas, this will be conducted in a more appropriate way by the subject teacher.

Ahead of the mock exams, we are offering an opportunity to find out more about ways in which you can support your child at this important stage of their school life. On **Tuesday 21st May** we would like to invite you into school for a **'Now and Next Evening'** to discuss several ways in which you can support your child with revision and life beyond both Mock Exams this year and GCSE exams in Year 11. As part of the evening, you will receive the following hard copies of materials to help support you with your child's revision:

- Exam Summary Page
- Year 10 Mock Exam timetable (I have also attached a copy for your convenience)
- Weekly Revision Planner

The evening will begin at 5.00pm and you will hear from staff about how to support your child with revision in the three core subjects (Maths, English and Science), as well as receiving information on general revision skills that apply to all subjects, the process of considering post-16 provisions and ways in which you can support your child.

Please acknowledge your attendance no later than Monday 20th May, using the sign-up function on the School Cloud Parents Booking System (the normal way you would book parents evening appointments). We highly recommend that students also attend the evening so that all parties are clear and can continue working together to ensure that students are prepared for their upcoming exams.

We have, in view of the above June exams, updated our Year 10 Examinations page on the school website with the following information, ready for you to view:

- Timetable of assessments taking place in June.
- Additional revision/support material available for each subject.

We are looking forward to welcoming you into school. If you have any further questions, please do not hesitate to contact Mr Foreman via [enquiries@corbytechnicalschool.org](mailto:enquiries@corbytechnicalschool.org)

Yours sincerely,

Mrs A Reynolds  
Principal
