Dear Parents/Carers

Re: Year 11 Easter Holiday Extended provision

We would like to extend our sincere thanks to all those who attended the recent *Now and Next* evening. Your presence and engagement were greatly appreciated, and we hope that you found the session informative and valuable as we work together to support your child through their final year of school.

For any parents and carers who were unable to attend, we would like to reassure you that the resources shared during the evening are now available on our website [here](#) for your reference. Please do take a moment to look through these materials, as they contain important information to support both you and your child during this crucial time.

During the Easter holidays, we are offering additional sessions for certain subject areas to further support our Year 11 students. While attendance is encouraged, it is not compulsory. A table listing the dates and subject areas is included below, so students can attend the sessions that are most relevant to them. Please note, however, that no food or drinks will be provided, so students should bring their own refreshments if they wish to have them during the sessions.

Additionally, we are offering quiet study spaces with computers available during the Easter break. Students can come at any time during the listed opening times below to access these spaces and work independently. Uniform is not required on these days, so students are welcome to dress comfortably
